ORDER:

In its interim report, the Technical Sugarcane Committee constituted by the Govt. of India, observed that declaration of permanent reserved areas of Sugarcane for Sugar factories would naturally prevent to a great extent fluctuations in sugarcane supplies from ye r to year and could also impel factories to take active interest in sugarcane development. The Sugarcane Advisory Committee which considered this question at its meeting held on 22nd September 1950 was in general agreement with the suggestion made by the Technical Sugarcane Committee and recommended that reservation could be made on a three year basis.

His Excellency the Governor of Madras accepts the suggestion of the Advisory Committee for reservation of areas for supply of sugarcane to each factory for a period of three years at a time. The Director of Agriculture is requested to take necessary action in this regard under the Madras Sugar Factories Control Act, 1949 after careful consideration of the areas to be reserved for each factory.
